8U COMPACT SOHO SERVER CABINET

Item # 1932-3-001-08

12U COMPACT SOHO SERVER CABINET

Item # 1932-3-001-12

VERSATILE AND IMPRESSIVE

The Compact Series SOHO Cabinet – the ultimate choice for the small business, home office, or tech guru who demands excellence. This sleek and sturdy server cabinet goes above and beyond “good enough.” Overcome the challenge of limited space – this compact wonder easily fits under your work surface, hides in a closet, or finds a spot where full-size racks can't. If you prefer a desk setup, ditch the casters and place it on any flat surface.

FEATURES

- Perforated doors, vented side panels, and included 78 cfm fan promote air flow and prevent hot spots.
- Universal cage nut style rails can be adjusted from 3” to 28” deep to accommodate various depth equipment.
- Locking front and rear doors provides a safe, secure cabinet to store expensive equipment and devices.
- The 10” x 2.25” cut out on the bottom rear of the cabinet provides a cable entrance point for network, telecom, and power cables.

SPECIFICATIONS

- Locking, removable perforated doors
- 4 casters and one 78 cfm fan
- Two sets of adjustable cage nut style rails
- Rails are adjustable from 3” to 28” deep
- 400 lb. weight capacity
- 19” EIA compliant
- Made in the USA
- Limited Lifetime Warranty
