**41U KNOCKDOWN 4 POST  
OPEN FRAME RACK**

Item # 1943-3-100-41

### IMPRESSIVE STURDY FRAME WORK

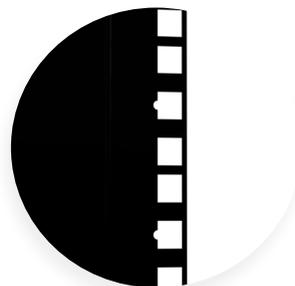

Introducing the 41U Knockdown 4-Post Open Frame Rack by Kendall Howard - a top contender in the world of adjustable open frame racks. Our innovative design, made with heavy square tube steel, requires minimal assembly with just a few bolts. This makes our racking system cost-effective, highly flexible, and easy to ship. Thanks to its knockdown design and packaging, it can be conveniently shipped, arriving at your doorstep as early as the next day. If you need a reliable and convenient racking solution, look no further than the 41U Knockdown 4-Post Open Frame Rack.

### FEATURES

- Levelers are included to make installation quick and easy.
- Universal cage nut style rails can be adjusted from 3" to 36" deep to accommodate various depth equipment.
- Our rack's innovative knockdown design enables us to ship the product as a compact package, reducing shipping costs significantly.

### SPECIFICATIONS

- Fully adjustable rails from 3" to 36"
- Two sets of adjustable cage nut style rails
- 2,000 lb. weight capacity
