

FLANGED SPACER BLANKS

Including 1/2 inch flanges compliment an already sleek product with strength

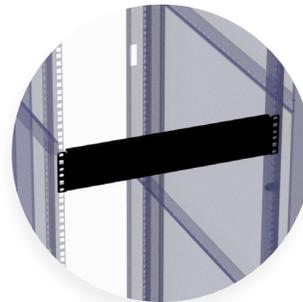

BUILT TO ADD SUPPORT

Give your installation a professional finish with the addition of Flanged Spacer Blank. The two 1/2" flanges at the top and bottom of the spacer blank make them stronger, helping to keep server racks and cabinets securely supported for long-term reliability. Putting unused RMS (Rack Mount Space) to work will create an overall look that's neat and organized - perfect for any tech setup!

1U FLANGED SPACER BLANK
