

LINIER® 24" DEPTH FULL-SIZE SERVER CABINETS

An American made enclosures with features to make your installs worry free

45U LINIER® VENTED/VENTED 24" DEPTH
Item #3107-3-024-45

ASSEMBLED AND READY TO INSTALL

Kendall Howard's LINIER® Series Full-Size Server Cabinets design includes the most popular rack features on the market. The cabinet features laser knockouts allowing you to install fans, while removable slots provide numerous cable routing options. Adjustable cage nut style mounting rails adjust to a maximum depth of 24", creating ample room for network servers, battery backups, switching banks, and other larger network peripherals. The LINIER® Series Full-Size Server Cabinets is an affordable, reliable, straightforward solution shipped out fully assembled within days of your order.
