

## RACK SCREWS AND WASHERS

Kendall Howard: Your source for premium American Made rackmount hardware

### TRUSS HEADED SOLUTION

Kendall Howard's superior, quality American-made screws is your only choice for installing rackmount shelves, cable managers, servers, networking, A/V, and other electronic equipment. Truss-headed and with a straight pointed section below the thread, these American-made quality screws easily install and are self-guided to prevent accidental stripping.

### PROTECTIVE DELRIN WASHERS

Keep your rack mountable gear secure and scratch-free with Protective Delrin Washers. These specialized washers evenly disperse the pressure from screw heads, ensuring a dependable connection that won't cause any damage to your equipment.

### BLACK OXIDE COATING

Our screws are crafted from hardened steel to produce a superior finish that ensures dimensional accuracy. Further, the black oxide coating gives each screw a sleek aesthetic for seamless integration into most common black network racks and accessories.

### FEATURES
